CKRM

REGINA, SASKATCHEWAN • 980 KC.'S

THE VOICE OF SOUTHERN SASKATCHEWAN

August 20th, 1955.

Mr. Ron B. Schiller,
Member, National Radio Club,
30 Park Avenue,
AVENEL, New Jersey,
U.S.A.

Dear Sir:

Thank you for your letter of the 12th, regarding the reception of our station in New Jersey.

Our transmitter is a R.C.A. 5F running at 5KW into a 2 tower array, which is used non-directional during daylight hours and switched directional during our air time after sunset and before sunrise.

Your report is correct and satisfactory and we are pleased to be your first verification from Saskatchewan.

Best wishes and all success in your club and future listening.

Yours truly,

BROADCASTING STATION CKRM,

Keith D Baker.

Keith D. Baker, (VE5XX)
Acting Engineer.
